Mr C. L. Moore
38 Congress St.
Ashville N.C.

Dear Freind:

I am writing to confirm the date I asked you to play The Eagles in Durham or Greensboro. It is Thursday Sept. 12th.

Mr Hammond called me from Greensboro last night, and I told him we were working on trying to get Durham for the date. I told him if we could not get Durham and he could get Greensboro, we would play the game there instead. He said the same thing you did. The people were out of town until Tuesday. He could not do anything until then. He seemed to be very anxious for the game, but I told him we had to wait and see what happened in Durham first. I will be looking to hear from noth of you Tuesday. I am going to Philly to see The Eagles play Tuesday night, and if you do not call me until late, make the call to my mothers home over there. The number is Chestnut Hill 3881. Make it a person to person call so you will be sure to get me. I may stay there all night.

I understand you will take care of all the advertising and publicity, and window cards. I will have my publicity man send you news. Will be looking to hear from you.

Yours Truly
